∞ Outside North America dues include \$88.00 for air speed delivery

MEMBERSHIP CATEGORIES

Membership dues include journal subscription. Members receive 24 **ELECTRONIC** issues of the *Journal of Biomedical Materials Research* (including eight **ELECTRONIC** issues of *Applied Biomaterials*) and four issues of the *Biomaterials Forum*. Members receive discounts on all other Society publications and can subscribe to any of the optional journals at reduced rates. Members can also attend annual meetings, special symposia, workshops, and short courses at reduced registration fees. Members can also participate in Special Interest Groups, sharing in topical networking and educational programming opportunities.

Active Membership

Any person (including Post Grads) not currently a full-time student, who has an interest in the field of biomaterials shall be eligible to be an Active member.

Student/Post-Grad Associate Membership:

Any full-time student or recent graduate, if not currently employed or pursuing additional training in the field of biomaterials, is eligible for an Associate Membership. An Associate member shall have no voting rights and shall not hold office in the Society but may be appointed to serve on committees.

*Student Status must be verified by an academic official (advisor, department chair, etc) who assumes liability if the individual is not a student. No other verification method (student identification card, tuition statement) will be considered. Student status verification must accompany application or can be emailed to info@biomaterials.org. **Students must also provide expected date of graduation.** Student Associate Members cannot vote at Business Meetings. Student Associate Members can waive their benefit of reduced-cost subscriptions to the Journal and can join Special Interest Groups at no charge.

***Student Status Verification**

If you are applying for a student membership, you must provide a letter from your Department Head or the Chair of your Graduate Program (on school letterhead containing their contact information) with your expected graduation date. Please email this information to info@biomaterials.org.

Volunteering (Optional)

Please indicate if you would like to serve in a volunteer capacity on any of the following committees:

- Bylaws Committee
- Devices and Materials Committee
- Education & Professional Development Committee
- Young Scientist Group

- Finance Committee
- Liaison Committee
- Program Committee
- Publications Committee

In order to provide you with greater networking opportunities, please indicate your main focus area(s):

- Biomaterials Availability and Policy
- Biomaterials Education
- Cardiovascular Biomaterials
- Cell/Organ Therapies
- Ceramics
- Chemical Engineering
- Dental/Craniofacial Materials
- Drug Delivery
- Implant Pathology
- Metals
- Nanotechnology
- Ophthalmic Biomaterials
- Orthopaedic Biomaterials
- Protein and Cells at Interfaces
- Polymers
- Spine
- Stem Cells
- Surface Characterization and Modification

- Tissue Engineering
- Other _____

In order to evaluate the effectiveness of our current marketing efforts, please tell us what prompted your original interest in the Society For Biomaterials:

- A colleague or professor
- The *Journal of Biomedical Materials Research*
- The Journal - *Applied Biomaterials*
- The *Biomaterials Forum* e-newsletter
- Website- www.biomaterials.org
- Biomaterials Day Event
- Other _____

Special Interest Groups (Optional)

Each SIG is \$15 per year (all SIGs are free for Student Members)

- BioInterfaces
- Biomaterials Education
- Biomaterials and Medical Products Commercialization
- Biomaterials – Tissue Interaction
- Cardiovascular Biomaterials
- Dental/Craniofacial Biomaterials
- Drug Delivery
- Engineering Cells and Their Microenvironments
- Immune Engineering
- Nanomaterials
- Ophthalmic Biomaterials
- Orthopedic Biomaterials
- Surface Characterization & Modifications
- Tissue Engineering

C. William Hall Scholarship (Optional Donation)

The C. William Hall Scholarship honors the memory of the Society’s first president C. William Hall. Scholarships will be awarded to a junior or senior undergraduate pursuing a bachelor’s degree in bioengineering or a related discipline. Please indicate the amount you wish to contribute.
\$ _____

Additional Donations

The Society, in its continued efforts to create a hub for the field of biomaterials to grow and prosper, values your assistance to produce stronger educational programs and publications. Please indicate the amount you wish to contribute. \$ _____
